### **Important Guidelines for Training Registration Offered by Easter Seals NH Child Care Resource and Referral**

- ✍ Registrations will only be accepted by those who fill out this form. You may either email or send a written copy by postal service. Do not call and leave a voicemail for a registration.
- ✍ Preference is given to those who work in the catchment area where the event is taking place.
- ✍ Each child care program is limited to 4 registrations per site. If more than 4 registrations from one site are received, the added names will be placed on the waitlist.
- ✍ A host site may send 6 registrations for the event held at their program.
- ✍ Please be courteous and notify CCR&R as soon as you discover you are unable to attend. Five days advance notice is best for us to contact those on the waitlist.
