

February 2020

Dear Parents and Students,

The year is flying by! February is here and with that Valentine's Day and President's Day! February is Dental Health Month and our theme for the first week will be Dental Health/Groundhog's Day! We will be learning all about taking care of our teeth, and hopefully gaining some new skills in dental care! The second week is Valentine's and we will be making Valentine mailboxes from tissue boxes. As the earlier notice sent home stated each child needs to bring in an empty tissue box to collect their valentines that their friends will deliver on February 14! We would prefer the large size rectangle box to make enough room! We will be decorating them starting on Monday the 10th! There will be a sign-up sheet for donations to the party on the clipboard!

February Themes:

February 3-7 Dental Health and Groundhogs

February 10-14 Valentine's Day

- Party Friday February 14 at afternoon snack (Valentines will be delivered on arrival and brought home after the party)

February 17-21 President's Day and Nursery Rhymes

February 24-28 Dinosaurs

Please remember the children need sneakers for inside the classroom and winter gear – Hat, Mittens, Coat, Snow Pants and Boots every day! We go outside to play unless the weather is bitter cold or raining too hard! Outdoor play is just as important as classroom learning please help your child be prepared for their adventures! We need sneakers to change into when we come in so we don't bring too much of the "outside" in on our floors! We like to have floor activities too!

Sincerely,

Anna Gibbs
